

SNAP™

THERAPY SYSTEM

COVERAGE OF THE SNAP™ THERAPY SYSTEM BY PAYOR HEALTH PLAN

KCI REIMBURSEMENT EDUCATION HOTLINE SUPPORTS THE BUSINESS OF WOUND HEALING

Only KCI has a team of reimbursement professionals to help you through every step of the process. Whether it's coverage assistance for non-published coverage criteria, processing support, or education on insurance coding and guidelines, KCI is committed to supporting its customers' needs.

For more information about SNAP™ System coverage for a particular health plan, please contact the KCI Reimbursement Education Hotline* at: 1-800-668-6812 for assistance.

*KCI Reimbursement Hotline applies to our portfolio of wound care therapies. Utilizing the hotline will allow KCI to perform a benefits and eligibility insurance coverage verification (B & E) which is completed before each application of SNAP™ System. **Payor coverage will be researched to determine if there is coverage for the SNAP™ System when coverage is non-published or unclear.**

Disclaimer: The information provided by KCI is general reimbursement information only. It is not legal advice, nor is it advice about how to code, complete or submit any particular claim for payment. Although we supply this information for your convenience, it is the provider's responsibility to determine and submit appropriate codes, charges, modifiers, and bills for services rendered. Payors or their regional offices may have their own coding and reimbursement requirements and policies. Before filing any claims, providers should verify current requirements and policies with the payor.

[†]Payors coverage listed is based on Medical Necessity and were compiled from a list of payors who provided an authorization for application of SNAP™ Therapy System between 2013 and 2019. Inclusion on this list is specific to an authorization provided; it does not indicate a claim was billed and/or payment received. It is recommended that benefits and eligibility insurance coverage verification is performed before each application of SNAP™ Therapy System.
